

IBC BUSINESS FORUM ON ENTREPRENEURSHIP

Several business owners will share with IBC members their experiences moving from the glamour of the corporate world into entrepreneurship. There seems to be a trend in Singapore and elsewhere that many people are taking the above route, for whatever the reasons that they will be able to share with us. Members and guests will learn from them the preparation they had to go through, the time taken to make the decision for the switch in their career plan, the financial aspect and many other issues that they would have encountered then in the course of the change. Some of the speakers will be able to share with us whether the decision they had made then was correct or whether they would have stayed on as employees.

Mr Chan Kok Hong, Managing Director of CKH Strata Management Pte Ltd
